## The Legislature.

Career of Present Solons One  
of General Satisfaction.

Little Interesting Legislation Separated.  
Independents Have Won Most Glory.  
General Good.

From our Correspondent.

The legislature of 1898 can look back upon its career with somethingakin to satisfaction. Though it may not have accomplished anything gigantic in its portions, it has the profound sense of accomplishment which were proposed, and also of having steadily persisted in working away while the rest of humanity was as busy with the Spanish war that it could not be absolutely unmoved by it.
